

I am writing as a listener of KLOVE (in San Antonio, 91.3FM) KLOVE is the only station in my area which plays continuous contemporary Christian music. My 2 children and I listen to it many times throughout the day, and it has enriched our lives immeasurably. It is also a vital part of the spiritual instruction I give my children. If KLOVE were to be replaced by an LPFM broadcaster, I have no doubt that this programming would cease to be available in my community. KLOVE provides a unique and essential service to the public, particularly here in San Antonio. By listening to this station, I have been informed of numerous local public events of interest to me and my family. These events are not generally well-publicized in the local papers or TV, but KLOVE provides a very effective avenue for "getting the word out" here. My family values KLOVE greatly, and we hope that the FCC will recognize that the public interest is well-served by the unique and vital programming provided by KLOVE.
Thank you.
